Usaspending.gov says that only the larger amount has been outlayed: **\$2,006,774.22**
[GRANT to INSTITUTE FOR SUSTAINABLE COMMUNITIES | USAspending](#)

For a total savings of **\$5,993,225.78** for that grant.

I'm not sure what is the source of that second outlay row, but it doesn't seem to match up with any transaction data that I can see in usaspending.gov. So it might just be a typo...

Kathryn

Hi Kathryn,

I just want to make sure I'm getting this right. I've pasted the duplicate below, but outlayed and remaining amounts are different. If they disbursed both the outlayed amounts listed from that \$8M, there would be 4,429,152.81 remaining of that grant. So total taxpayer savings would be \$62,965,311.50.

Let me know if I'm misunderstanding—I just want to make sure we have the right #s reflected in the release. Thank you!

Financial Account Identifier Number (FAIN)	Award Amount	Total Outlayed Amount (Estimate)	Remaining Amount (Estimate)	Recipient Name

84061101	\$8,000,000	\$1,564,072.97	\$6,435,927.03	INSTITUTE FOR SUSTAINABLE COMMUNITIES
84061101	\$8,000,000	\$2,006,774.22	\$5,993,225.78	INSTITUTE FOR SUSTAINABLE COMMUNITIES

Just want to flag so you both are aware, there's a duplicate below, FAIN 84061101, so I think the sum total of potential savings here is only \$61M, not \$67M. I know press on this already went out, but I'm going to just report the shorter list to WH unless you are aware of a missing one that's not on this list!
